

CREATIVE & DIGITAL CAREERS IN DORSET

Dorset is a fast growing tech hub and among the best destinations to start your creative and digital career.

FACTS

A world-leader in tech, Dorset ranked first in the UK for tech start-ups, representing 28% of all businesses created locally.

Dorset is where the father of the wireless communication Guglielmo Marconi set up his wireless station and the founder of the internet Sir Tim Berners-Lee started his career.

Start-ups founded locally are:
Kortext - the UK's leading personal learning platform, OnBuy - the fastest-growing marketplace in the world and Outpost VFX - a visual effects studio for Hollywood, Netflix and HBO.
